

MPH RV parking and Garage availability 2011

We have several options depending on what you might need for your visit to MPH. Depending on your Truck/Trailer, Motor Coach or hauler we can offer several different options.

These are images from the paddock from other events.

We have 10 RV parking locations just behind the Hot Pits and Pit Boxes on the front Straight. Spots 21 through 30 and these are typically \$100 for the entire event. Many of our instructors or staffs usually like 22-25.

This is our main paddock where participants can park and have space for their trailers etc. In the back row you will see number 1 through 13 RV spots on the North side of the paddock and these are \$50 to 75\$ for the weekend.

We also have an area called "The Garages" and some of these Race Condos are also available with Garages for cars with very long and wide driveways for haulers and trailers. These are two and three bedrooms upstairs with a 4 to 6 car garage and range from \$1100 to \$2200 for the event arriving on Thursday afternoon with checkout by Monday.

We also have a few smaller garage spots that member owners will lease for the weekend for garage parking that gets your car indoors and offers some limited ability to work on your car. These start at \$200 for the entire event and are mainly for evening parking.
