

7-19-2011

To: Nebraska Region SCCA:

RE: Motorsports Park Hastings

This track was inspected July 16, 2011. The track was approved by Martin Thake for either regional or national level events.

The paddock was not included in Mr. Thake's inspection. Due to requirements not resolved, including staffing and operational concerns, Hastings' MPH is no longer an option for your August event.

Please confirm your intentions towards proceeding with an August 20-21 event at Heartland Park Topeka by July 20.
